Sustainable Fundraising

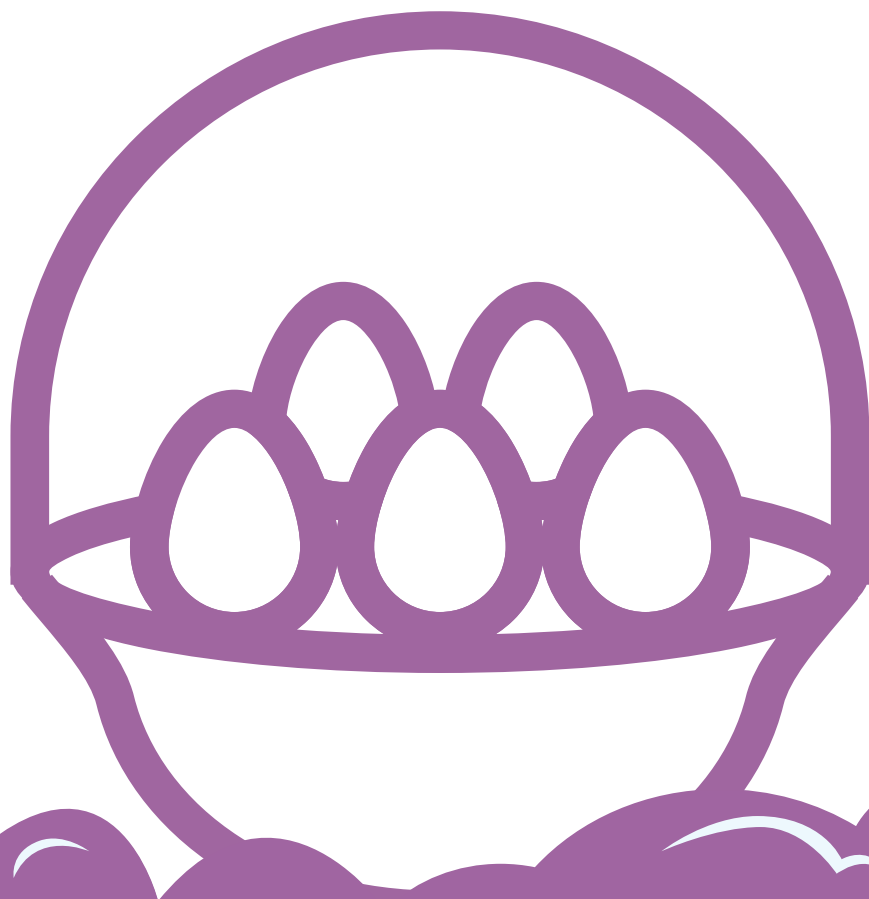

You've all heard the adage 'don't put all your eggs in one basket'? This absolutely applies to fundraising.

An organisation needs its funding to come from as many sources as possible. Put all your eggs in the government grants basket and you risk losing everything when a government changes.

Many organisations run into trouble because they only have one or two sources of funding, or because they only have two or three people really involved in raising money. If any of the sources or any of the people go away, the organisation will find itself in a vulnerable position.

You need your fundraising to be sustainable and the only way to do this is to diversify your funding sources. We can help you do this.

The Funding Centre provides all the information you need to know to identify all the baskets and ensure your organisation is set for success.

KNOWLEDGE

Information is everywhere. The trouble is finding the right kind of information, and then finding the time to read it.

Our practical and accessible help sheets and books provide advice on everything you need to know about fundraising through Grants, Donations, Memberships, Events, Sales, Crowdfunding and Sponsorship.

If you prefer to listen and watch, we have audio and video too.

TOOLS

Fundraising is not rocket-science. Many people, representing many groups, for many causes, have done this before you.

Why reinvent the wheel?

The Funding Centre contains dozens of templates and tools – checklists for your special events; grants templates; budgeting tools – that can be downloaded and adapted to your needs.

NEWS

No fluff.

Just the things you really need to know if you're raising funds in Australia.

You need training

You're dedicated. You're enthusiastic. But you're busy – we get that.

There's no puff in our grants and fundraising training. No 'setting the scene'. No high-minded theory of what it should be like. Just insider advice about what works, and practical tips that you can implement immediately.

"This was the best fundraising seminar I've been to. Many thanks. All I have to do now is put all the thousands of ideas into action!"

"It is very refreshing to be presented to by a real subject matter expert and not just a facilitator working from notes. Your style, delivery and humour made it a very enjoyable few hours indeed."

"Like all not-for-profit single deskers, I'm flat out and stretched thin. I want to say that I found this course extremely useful and the presentation was one of the best I have ever attended."

"Just wanted to say thank you for yesterday's grant forum. It was the best fun, most practical and productive workshop I have been to in years."

"As a clinical social worker with over 20 years experience, I would like to let you know that I learnt more from you in 45 minutes than I have learnt from ANY in-service I have attended."
